Head of School – Samantha Sims

*"What a positive experience.
The children were very focused and were able to explain clearly what they were
doing and why. The classroom materials were wonderful.
A great working environment."*

Mrs Moore-Smith

Welcome to our Primary School

The Meadows is a small independent Montessori School, which accepts children between the ages of 3 - 16 years of age. The school has 4 main classrooms:

Dragonflies	3 - 6 years
Grasshoppers	6 - 9 years
Fireflies	9 - 11 years
High School	12 - 16 years

The school follows the ethos and teaching methods of Maria Montessori and aims to provide each child with an individual learning experience, enabling them to learn at their own pace within an environment that has been designed to nurture and encourage their independence and self-confidence.

We hope that you enjoy reading more about the school. If you have any further questions or would like to arrange a time to visit then please contact us. We look forward to meeting you and finding out how we can share in your child's school years of learning.

School Aims

We aim to provide a safe, happy, stable environment where children can grow and develop to their full potential, becoming confident, competent learners.

To organise a stimulating, inspiring environment in which all members of our school community are valued and appreciated and where opportunities arise from an ethos and curriculum that allows each child to develop, no matter what their needs may be.

To help children to develop enquiring, lively minds. To foster their natural inquisitiveness by guiding them to discover much for themselves – laying a foundation for independent learning.

To encourage children to co-operate with each other, to be sensitive and to develop tolerance and understanding of other races and religions.

To create a positive ethos based on equality, fairness and mutual respect.

To maintain a strong, positive partnership between home and school, with clear and honest communication with parents and carers.

Curriculum

Our curriculum is a Montessori curriculum throughout the whole school. Detailed curriculum plans are available on request.

Reporting and Academic Performance

Parents will receive a full report at the end of the summer term outlining their child's achievements and any assessment results over the school year.

Staff can be available during the school year for any individual requirements, and there will be 3 parents evening a year – one per term.

Policies

All our policies are available to read upon request from the school office and are on our school website.

Policies include:

Special Educational needs
Management of Positive Behaviour
Complaints Procedure
Health and Safety
Child Protection Policy
Accessibility Policy and Plan

Our Montessori Classroom Environment

"It is true we cannot make a genius. We can only give each individual the chance to fulfil his potential possibilities to become an independent, secure and balanced human being"

Maria Montessori

Our classrooms are very special places. Designed to be simple, beautiful spaces, they create an environment that enhances the ability to learn. From the simple wooden shelves to the displays on the wall – everything is clean, tidy, ordered and ready for your child to enter into and start to work.

Everything in the room has a place and an order. Materials are chosen according to individual children's needs and the 'theme' of the half term. They are then placed on the shelves for the children to use. There are also core materials that are in place to support the main areas of learning for each child.

In our classrooms you will find children working in small groups at tables or on the floor. They may be working independently or 1-1 with a teacher. They will be chatting to each other or maybe sitting quietly by themselves.

In one session many subjects may be taking place. Maths, Literacy, Geography, History, Science – role play, writing, drawing, painting, reading. The room will be full of these subjects – maybe with a teacher directing a small group on a particular activity.

The class teachers are not dominant adults in a room of children. You may even have to hunt for the teacher when you enter the room. We direct, observe, discuss and reflect with the children – at their level, where they are, even if that is laying on the floor!

Montessori Environments are special environments - to appreciate how special, please make an appointment to come and see us working!

Fees

Primary
Termly - £2,760

High School
Termly - £3860

Fees Paid Termly in Advance

Payment due on or before the 1st of each new term
